Wright State participates in the Inter University Council's Insurance Consortium in order to reduce cost. The consortium's prices provide a much lower cost than the university's individualized rates and are competitively bid. The university purchases an insured long term disability insurance coverage for its faculty and staff employees who are appointed to work for the equivalent of at least three quarters of full time on an annual basis. The coverage provides a disability income benefit for those employees who are disabled for more than six months.
