The Wright State University Graduate Council met on November 19, 2015. Several of its standing committees met prior to that date.

I. REPORT OF THE DEAN

Dr. Fyffe presented a brief research report that included the comparison of FY16 cumulative grant and contract awards with the previous three fiscal years through October; the comparison of awards by type of activity Oct. 2015 vs. Oct. 2014; and the four year comparison of awards by type of activity through October.

II. REPORT OF THE ASSOCIATE DEAN

Dr. Ayres expressed thanks on behalf of the Graduate School for all the faculty participation at the Graduate Open House. Over 300 prospective graduate students attended, and 245 applications were submitted. This is a substantial increase over last year.

Dr. Ayres presented a Fall 2015 enrollment report. One comparison showed domestic, international, and total graduate student enrollment for each college. The second comparison showed enrollment growth for each college in domestic, international, and total graduate students. Important note, the data demonstrates that all enrollment growth occurred in the international student population; domestic enrollment growth was flat. Dr. Ayres can provide 6-year data (Fall 2010-Fall 2015) for individual graduate programs upon request.
