3. Report of the University President or Provost

President Hopkins

- Capital Bill Update
  - Wright State expects to receive more funding than from previous Capital Bills. The WSU proposal focused on maintenance, renovation, classrooms, and a number of other projects.
  - The Governor has not finally approved the bill, but the commission’s recommendations indicate that Wright State’s report was well received.

- Community Development Projects
  - $100 million dollars of capital projects are being competed for across the state.
  - Wright State Community Partners have submitted 5 project proposals to allow Wright State to continue its community engagement and research with Dayton Regional STEM School, Air Force Research Lab, and other community partners.
• Wright State Branding
  o Copernicus, a branding consultant, has been hired by Wright State to work with our campus community, our alumni, and the greater region to help us revitalize our brand, understand what message will resonate with stakeholder groups, and create new media and communication strategies to tell the world just how great we are.
  o A brand is not a tagline. Think of our brand as our reputation. Our job, collectively, is to make sure that through our actions, our reputation is what we want it to be.

• Future of Higher Education
  o President Obama has launched an initiative that will result in ranking colleges in terms of affordability and value.
  o WSU administrators recently had a conversation with Jamienne Studley, Deputy Under Secretary of Education, to discuss how Wright State can have input into the process.
  o This ranking system will impact the distribution of need-based aid through Pell Grants and impact the way Wright State receives dollars for our students.

Provost Narayanan

• Wright State is moving forward with the Faculty Senate approved IT Governance Structure.
• A new Associate Vice President for Human Resources will be starting on February 1st.
• A new Enrollment Management Vice President will also be joining Wright State.
• University Librarian Stephen Foster has transitioned to a full-time role as Associate Vice President for International Affairs. Sheila Shellabarger will serve as Interim University Librarian.
• Dr. Robert Fyffe’s role has been expanded to include both the Vice President for Research and also the Dean of Graduate School.

Q&A

A Senator asked the Provost & President if there were updates regarding the campus network outage that occurred on Friday, January 10, 2014, and the issues with Pilot that occurred over the weekend. Provost Narayanan turned the floor over to Dr. Berberich, Associate Provost for Faculty & Staff Affairs, to address the issue. Dr. Berberich informed the Senate that the outage was caused by a policy update to the firewall cluster and that CaTS worked diligently with the vendor to resolve the issue. The Pilot issue with cross-listed courses not having a fully populated student roster is still ongoing but the potential loss of all Pilot data has been resolved.
4. **Report of the Senate Executive Committee**

- The Executive Committee met immediately before the Senate meeting due to the University Winter Weather closure on January 6, 2014.

- The Executive Committee heard from two guests at the meeting:
  - Jeff Ulliman, University Controller, discussed the WSU-ODOT Cooperative Services Agreement that involves the Salt Barn proposal. The Executive Committee feels that there is enough information to guide specific recommendations from the Senate Building & Grounds Committee.
  - Simone Polk discussed the WSU Food Pantry and issues related to the basic needs of Wright State students.
    - Wright State is the only university in the region with a food pantry for its students
    - Many other universities have visited Wright State in order to learn more about the pantry and potentially open a pantry on their campuses
    - Last year the food pantry received 455 client visits
    - In 2013 the pantry received around $15,000 in cash or food donations.
    - 91% of the clients are full-time Wright State undergraduate students
    - Faculty can assist the pantry by donating food or cash via the Wright State giving site, and/or volunteering time to help staff the pantry

- The Executive Committee reviewed a response from Vice President Kimberley Barrett regarding diversity issues on campus. She has identified two primary concerns: 1) A minority student success gap, and 2) a gender gap within the faculty ranks. The Executive Committee plans to ask other members of the administration to respond to questions about these issues and will then present the issues to the full Senate at the February or March meetings.

- Rebecca Cole, Vice President for Advancement, has been invited to give a presentation regarding the upcoming fundraising campaign.
