---------------	--------------------------------	--	--	-----------------------------

<b><u>DPL Energy Retail</u></b>	<b>Electricity Generation Service</b>	<b>\$2,750,000</b>	<b>\$2,750,000</b>	<b>3/01/15-3/01/17</b>
---------------------------------	---------------------------------------	--------------------	--------------------	------------------------

This contract is for electricity generation for the Dayton campus and Nutter Center. Not expected to exceed \$2,750,000, however, usage is highly dependent on the weather. Estimations are based on the projected consumption adjusted for savings from Phase 2 of the House Bill 7 project and energy models for current new construction scheduled to be on line. Contract for electric generation will be re-bid. Amount reflects total annual amount.

<b><u>Dayton Power and Light</u></b>	<b>Electric Distribution and Line Charges</b>	<b>\$975,000</b>	<b>\$800,000</b>	<b>7/1/16-6/30/17</b>
--------------------------------------	---	------------------	------------------	-----------------------

Previously this only was reported as the non-bypassable charges for electric service at Main Campus and Nutter Center. All purchase orders for this supplier would also include electric charges for Wright State's off campus locations (doesn't include Lake Campus) as well as the non-bypassable charges for Main Campus. The increase is based off of the actual spend last year and the increase in capacity charges and addition of the off campus electric charges.

<b><u>Bids Currently under Review</u></b>	<b>Natural Gas</b>	<b>\$550,000</b>	<b>\$808,000</b>	<b>9/1/2016</b>
---	--------------------	------------------	------------------	-----------------

WSU purchases natural gas through a competitive bidding process and buys a portion of its future needs when rates are low. We are currently in the middle of this bid process. Our current natural gas supplier is Interstate Gas and the contract ends 8/31/16. Pricing is based on actual average monthly usage which is highly dependent on weather with 20% of quantities committed by a futures buying agreement. Estimations are based on current pricing which are currently at an historic low.
