Mr. Bridge stated that the Wright State University Board of Trustees is a public body subject to the Ohio Open Meetings Act. It operates on a fixed agenda available to those attending the meeting. Persons wishing to address the Board in its Public Session should submit a written request to the Board of Trustees' office 72 hours in advance of the meeting in order to be placed on the agenda.
However, all persons address the Board at the invitation of the Board and are subject to time limitations and other guidelines established to maintain the good order of the meeting.

VII. **Conflict of Interest Statement**

Mr. Bridges read the following declaration.

It is of utmost importance to ensure that all university decisions are free from any real or perceived conflicts of interest.

Therefore, please be mindful of all obligations with which you have been charged as a Trustee of Wright State University; and take the steps you deem appropriate to perform your duties fairly and impartially.

VIII. **REPORT OF THE CHAIR**

A. **Installation of Board Members: Lt. General (retired) C.D. Moore and Mr. Ryan Pignatiello**

The oath of office was administered to the new trustees by Representative Rick Perales.

B. **Written Reports – Wright State University Board of Trustees September 25, 2015**

Advancement, Building & Grounds, Communications, Enrollment Management, Marketing, Multicultural Affairs & Community Engagement and Research & Sponsored Programs Reports as presented to this meeting be, and the same hereby accepted. The reports are contained in the appendix at the end of the script.

C. **Introduction of Trustee Scholars**

Every year two undergraduate students are selected from a highly competitive pool of applicants to receive the Trustees’ Scholarship. To be eligible for this high honor, he or she must meet two of the three qualifications listed here:

- Have a cumulative GPA of 3.75 or higher
- Rank in the top 5% of their high school graduating class
- Have an ACT composite or SAT combined math and critical reading score at or above the 95th percentile

Mr. Bridges recognized the 2015-2016 Trustee Scholars, Mr. Don Hoang and Mr. Josiah McCarther.
IX. REPORT OF THE PRESIDENT

A. University Update

- President David R. Hopkins provided an update on selected university activities.

- This is homecoming week and the largest number of returning alumni are expected. Dr. Hopkins invited everyone to join him today for the grand opening of the Student Success Building. This building celebration is the culmination of a long held vision to provide students with an interactive learning environment as well as centralized tutoring and academic services to support their success.

- Wright State University was selected as the host site for the first Presidential Debate. Dr. Hopkins recognized the efforts of Robert Sweeney, John McCance, Jim Brown, Bob Hickey, and Donna Schlaeck among others; who were instrumental in securing this honor. Reflecting on the spirit of Wright State, Dr. Hopkins quoted the words of recent honorary degree recipient and commencement speaker, Mr. John Janning, who said “Go big or go home”. This “go big” spirit permeates what we do here at Wright State. In the next year leading up to the September 26, 2016 debate, Wright State will be reaching out to our “Raider Country” community to involve them in lessons on democracy and the democratic process.

- As Wright State grows as an institution, we must build a strong infrastructure to support this growth. Wright State is working to enhance and expand the capabilities of the Office of General Counsel and conducting a search for a new General Counsel. As a research enterprise, we are increasing our controls and analyzing our research compliance to make sure we meet the complex and challenging array of regulations on a state and federal level. Recently there was a reorganization of the Wright State Research Institute (WSRI) and the Wright State Applied Research Corporation (WSARC) which is a 501C3 separate from Wright State. WSARC exists, like the foundation, to support the future of Wright State. Reorganizational changes for these entities were made to reduce duplication and improve checks and balances. These steps will insure that we continue to accelerate growth while also having the proper compliance mechanisms in place.

RESOLUTION 16-4

RESOLVED that the academic and administrative appointments, changes, retirements, departmental reporting, resignations and terminations submitted to this meeting be, and the same hereby are approved.

Mr. Bridges moved for approval. Dr. Goyal seconded and the motion was unanimously approved by roll call vote.

C. Report of Investments

Since the last Board meeting, investment reports for August 2015 have been received. These reports have been distributed to the trustees and will be filed with the official Board of Trustees’ records.

D. Ratification of Contracts and Grants

Wright State University ended its fiscal year 2015 with a total of $81,711,317 in external funding representing 444 awards. For the month of July 2015, the university recorded 35 awards for a total of $3,619,061.
Recently funded projects include $2,354,443 from the US Department of Defenses’ Air Force Research Laboratory to Drs. Brian Rigling, Fred Garber, Michael Saville, Arnab Shaw, Thomas Wischgoll, and Mateen Rizki (College of Engineering and Computer Science) for exploring the development of methods to advance the state of the art in variety of sensor exploitation research areas. Drs. Jason Fruth (Teacher Education) and Mary Huber (Human Services) are the recipients of a $300,614 award from the Ohio Department of Mental Health and Addiction Services for efforts to produce distributable curriculum on behavioral health practices for a variety of care providers in an effort to diagnose and mitigate high-risk behaviors among children. Dr. Sherrill Smith (College of Nursing and Health) received a $332,183 award from the US Department of Health and Human Services’ Health Resources and Services Administration for the purpose of supporting the transition of military members with healthcare experiences to professional nurses through a program that recognizes the unique needs of veteran students.

RESOLUTION 16-5

RESOLVED that the contracts and grants submitted to this meeting be, and the same hereby are ratified.

Mr. Bridges moved for approval. Mrs. Broner seconded, and the motion was unanimously approved by roll call vote.

IX. REPORTS OF THE COMMITTEES OF THE BOARD

A. Academic Affairs Committee

Provost Report

Dr. Thomas Sudkamp, provost, presented the Provost Report.

Dr. Sudkamp announced that Wright State University has been selected by the Presidential Debate Committee to host the first live Presidential Debate which will be televised on September 26, 2016. The debate is the catalyst for a variety of campus events planned for the next year focused on the civic process. Faculty will also be incorporating relevant material into their teaching and into the selection of a “Common Text” for freshmen reading.

- Enrollment Update

Fall enrollment numbers have been released. Fourteenth Day Enrollment reported to the state includes 13,710 Undergraduate students (up slightly over last year) and 4,300 Graduate students (up 4.4%). Total University Enrollment is 18,058 students (up 1.6% from last year). One of the key components of total enrollment is the number of new Direct from High School students. Direct from high-school students make up roughly 2/3 of the new undergraduate student pipeline and are up 2.6%. Transfer students make up the remaining 1/3. International students comprise 10% of the student population with enrollment up over 5% from last year.

There have been a number of curricular and academic support programs. Eschool retention numbers have been trending upward and have increased to 67%, which is a 6% gain over the past two years. Continuing student retention has also increased by 50% to 55.8%. The first to second year retention rates have increased from 65.9% for the Fall 2013 cohort to 67% for the Fall 2014 cohort. Likewise, the second to third year retention rates have also increased from 50.1% for the Fall 2012 cohort to 55.8% for the Fall 2013 cohort. Graduation is the ultimate mark of success. Over the last four years, Wright State has graduated over 15,000 students.

- Other Updates

Wright State recently opened our new Student Success Center; a $17M building that incorporates active classroom learning and provides a central home for academic advising, tutoring, math and the writing help centers. Updates. The Lake Campus is growing with new program offerings in business, nursing and integrated science and is making plans to add additional campus housing.
Dr. Joe Keferl was appointed the Dean of the College of Education to replace Dr. Charlotte Harris who is retiring in December. Dr. Stephen Foster, associate vice president for international affairs, has announced his upcoming retirement.

Dr. Renee Aitken, assistant vice president for education effectiveness and institutional accreditation, gave the Board an update on the preparations underway for the Higher Learning Commission re-accreditation visit to Wright State on March 21 and 22, 2016.

1. **Ph. D. in Electrical Engineering**

Dr. Brian Rigling, professor and chair, director of sensor systems research, outlined a proposal for establishing a new Ph.D. program in Electrical Engineering. Currently there is a multi-disciplinary program in place in the College of Engineering that has grown over the last ten years. Having a specialized Ph.D. in Electrical Engineering will allow students to market their specialized degree to potential employers while tailoring their coursework around this concentration. In addition, this spin off program will enhance recruitment of students seeking an Electrical Engineering degree and will enhance EE research development.

No additional program costs will be associated with the creation of a Ph.D. in Electrical Engineering.

The following resolution has been presented to the committee for approval and is now recommended for the appropriate action by the Board of Trustees.

**RESOLUTION 16-6**

WHEREAS, Wright State University is proposing a new Ph.D. program within the Department of Electrical Engineering and the College of Engineering and Computer Science; and

WHEREAS, establishing a Ph.D. in Electrical Engineering will better serve the Electrical Engineering doctoral students and is a natural next step in the growth of doctoral engineering programs at Wright State University and consistent with national, state, and regional drives to increase education in the STEM fields; and

WHEREAS, the program has been approved by the Faculty Senate and the Provost; therefore be it

RESOLVED that the Ph.D. in Electrical Engineering, as submitted to this meeting be, and the same hereby is endorsed.
Mrs. Broner moved for approval. Dr. Goyal seconded, and the motion was unanimously approved by roll call vote.

2. **Reducing College Costs Plan:**

College affordability continues to be an important issue for students and their families as well as state and federal governments. Ohio, under House Bill 64 Section 369.600 is exploring ways to reduce college costs by 5%. Dr. Sudkamp highlighted the proposed provisions of Wright State’s plan in response to H.B 64 requirements. Recommendations included the opportunity for students to take college algebra and English courses for free at area high schools, a plan for textbook savings, and a tuition discount or rebate for summer semester among other items.

The following resolution is presented to the Board of Trustees for approval:

**RESOLUTION 16-7**

WHEREAS, Am. Sub. H. B. No. 64, Section 369.600 requires that the Board of Trustees of each state institution of higher education shall develop and implement a plan to provide all in-state undergraduate students the opportunity to reduce the student cost of earning a degree by five per cent; and

WHEREAS, the plan may include, but not be limited to, the following:

1. Reducing the credit hours required to complete an associate or baccalaureate degree offered by the institution;
2. Offering a tuition discount or rebate to any student that completes a full load of coursework, as determined by the board of trustees;
3. Offering a tuition discount or rebate to students enrolling in a summer semester or quarter;
4. Offering online degree courses;
5. Reducing the cost of textbooks using cost-saving measures identified and implemented by the board of trustees;
6. Incorporation of remediation in the coursework and curriculum of credit-bearing courses;
7. Offering a fixed rate of instructional and general fees for any additional credits taken by students above a full course load, as determined by the board of trustees;
8. Offering fast-track degree completion programs;
9. Eliminating, reducing, or freezing auxiliary fees;
10. Increased participation in the college credit plus program established in Chapter 3365 of the Revised Code;
11. Offering programs to reduce or eliminate the need for remediation coursework; and
WHEREAS, not later than October 15, 2015, the Board of Trustees of each state institution of higher education shall submit the plan required under this section to the Chancellor of Higher Education; and

WHEREAS, the university has identified strategies to provide students the opportunity to reduce the cost of earning a degree by at least five per cent as described in the attached Wright State University Reducing College Costs Plan; therefore be it

RESOLVED that the attached Wright State University Reducing College Cost Plan dated September 25, 2015, as submitted to this meeting be, and the same hereby is endorsed.

Mr. Broner moved for approval. Mr. Klaben seconded, and the motion was unanimously approved by roll call vote.

3. Posthumous Degree Request

A recommendation from the College of Science and Math has been received to grant the Bachelor of Arts in Psychology degree posthumously to Mr. Ryan Manley. At the time of his death, Mr. Manley was a student in good standing and was within 3 credit hours of completing his degree program. The dean and provost support the granting of this degree.

RESOLUTION 16-8

WHEREAS, Wright State University shares with the family and friends in the loss of Mr. Ryan Thomas Manley; and

WHEREAS, Mr. Manley was only one course away from completing his Bachelor of Arts degree in psychology at the time of his death, therefore be it

RESOLVED, that the Wright State University Board of Trustees hereby approves granting a posthumous Bachelor of Arts in Psychology degree to Mr. Ryan Thomas Manley.

Mrs. Broner moved for approval. General C.D. Moore seconded, and the motion was unanimously approved by voice vote.

4. Emeritus Requests

The following recommendation is presented to the Board for their approval:

RESOLVED that the requests for emeritus status for the aforementioned faculty members, as submitted to this meeting be, and the same hereby are endorsed.

Mrs. Broner moved for approval. Mr. Fecher seconded, and the motion was unanimously approved by roll call vote.

- **Legislative Initiatives**

  Last year a number of other initiatives were brought up in the last budget bill that will impact Wright State and other state institutions of higher education. Dr. Sudkamp mentioned one such initiative that addresses courses and programs with low enrollment. In response to ORC 3345.35, Wright State recently completed a survey to identify low enrollment courses or programs. Evaluations are under way as to why enrollment is low and the continuing value of the course/program to students.

B. **Building and Grounds Committee**

  Dr. Robert Sweeney, executive vice president for planning, introduced Mr. Greg Sample, president and CEO of Double Bowler to provide updates for the Board on the salt storage facility, Double Bowler activities and the Miami Valley Research Park.

- **Salt Storage Facility Update**

  Mr. Sample outlined the history of the Salt Storage Facility project. Several years ago Wright State was approached by ODOT seeking to purchase land from Wright State for a salt storage facility. ODOT requirements included access to Kaufman Road, the appropriate regulatory approvals to clear a site, and the necessary funding to effect a partnership. ODOT funding was subject to time limits so it was decided to use an unwooded site where the practice soccer field was located. This site did not require tree removal or regulatory approval and could fulfill the November 1st project completion requirements.
The University turned to Double Bowler for their expertise in contract negotiation and construction management for the project. With Double Bowler serving as the contractor, the project was able to come in on time and under budget. Construction included a building for Wright State, and one for ODOT, aggregate and materials storage areas, as well as a shared salt storage facility with the City of Fairborn.

An additional opportunity was identified to address and rectify another situation; namely the potential for increased traffic with salt trucks and the proximity of the road to the childcare facility. The cost savings realized from Double Bowler constructing the project was utilized to reposition University Blvd. away from Mini U and for the creation of a round-about to handle potential increased traffic.

Double Bowler Update

Double Bowler has purchased two former Wright Patt. Credit Union buildings to expand the footprint of the university and has acquired forty acres of land contiguous to the Lake Campus to benefit the Lake Campus future expansion.

The services provided by Double Bowler go beyond property acquisition. Double Bowler is leading the University’s efforts in negotiating a new contract with A.M. Management, the University’s private sector housing partner. Double Bowler is helping the University Archives develop a business plan to explore leveraging the archives as a business. The Nutter Center and the City of Fairborn have asked Double Bowler to assist them with modifications related to the Nutter Center and the surrounding transportation corridor in conjunction with the upcoming Presidential Debate.

Miami Valley Research Park Foundation

Miami Valley Research Park (MVRP) was created in the late 80’s and has oversight through a shared governance between Wright State University, University of Dayton and Sinclair College. Comprising around 1,200 acres, it is home to some of the most prestigious and value added companies in the Dayton region. The MVRP Board has asked Double Bowler to serve in a consulting capacity as they go through a strategic planning process to position Miami Valley Research Park for continued success moving forward.

Creative Arts Center (CAC) Modernization / Expansion

Ms. Wende Morgan Elliott provide on update on the Creative Arts Modernization and Expansion project. The project is now in Phase
Three. Phase One encompassed the renovation of the TV center and the basement area for faculty offices and new sound controlled music practice studios. Phase Two included pouring a new foundation and the erection of steel for the CAC expansion. Phase Three includes an addition to the dance studio and creation of a new front entrance. The theater wing and commons will also be renovated as will the art wing. The phasing of the project was designed to accommodate the Arts Gala event and project completion is scheduled for August 2016.

C. Compliance and Audit Committee

Dr. Robert Sweeney, executive vice president of planning and secretary to the board, summarized the creation of the Compliance and Audit Committee. Wright State considers itself not only mission driven but vision driven. While we have taken advantage of many new opportunities and have continued to grow; in many ways the culture and infrastructure of the university has not kept pace. How we think about doing business has remained pretty much the same but the demands are very different. A decision was made by Board Chair Bridges to redo the structure of Committee Day to better address the issues of compliance and audit.

General Counsel Office Update

A search was started to hire an Assistant General Counsel. The strength of the pool was such that two candidates were ultimately identified and hired thus enhancing further the capacity of the office to be responsive to the growing needs of the University. Wright State’s General Counsel has since resigned and a search is now underway to hire her replacement.

Crowe Horwath Report

Dr. Mark Polatajko, vice president of business and finance/chief financial officer, introduced Mr. Peter Hugo, partner from Crowe Horwath. Mr. Hugo reviewed and commented on the Annual Audit Status Update.

Research Compliance

Dr. Robert Fyffe, vice president for research, reflected on the challenges faced by the Office of Research and on recent measures that have been implemented to address the needs and oversight of a complex research environment.
Universities are finding themselves subject to a growing number of state and federal regulations that make it challenging to adequately understand and address complex compliance issues. The penalties and sanctions for non-compliance are in some cases severe; both on a personal and on an institutional level.

Wright State has moved forward with some significant realignment of resources and overall strengthening of research leadership and research compliance to better meet the mission of enhancing research productivity. Centralizing compliance and oversight to encompass the whole research enterprise allows for even greater engagement with the research faculty. In addition, it strengthens support for researchers to allow them to properly address and meet regulatory requirements.

Wright State is moving forward with a new model for research compliance by supplementing our Office of General Counsel with additional personnel and by expanding and reorganizing our research compliance office. A new Director of Research Compliance will oversee all research compliance efforts. Additional positions have been created to hire an export compliance officer and a HIPAA compliance officer, as well as for additional support for human subject's protection and review of contractual clauses. Within WSRI /WSARC operations, all compliance activity is governed by Wright Way Policy, supported by the office of research compliance.

Plans are currently underway to create enhanced training programs for faculty, staff and students in research compliance, Wright Way Policy adherence, and understanding the multitude of regulatory requirements that impact research.

A new organizational structure has been drafted to incorporate the Wright State Research Institute within the Wright State organizational hierarchy. Defined reporting lines and oversight have been created, providing a model for robust alignment and clear relationships between the University and WSRI / WSARC operations.

In addition, a Wright State University/Wright State Applied Research Corporation (WSU/WSARC) Affiliation Agreement is under development to delineate operational procedures and policies between Wright State University and the WSARC. This fifteen chapter document is presently being refined and should be finalized and adopted by year end.

1. Facility Security Clearance
RESOLUTION 16-10

WHEREAS, Wright State University wishes to maintain its facility security clearance through the Defense Security Service, and

WHEREAS, those persons occupying the following positions among the officers and officials at Wright State University shall be known as Key Management Personnel (KMP) as described in the National Industrial Security Program Operating Manual:

Dr. David R. Hopkins  
President

Dr. Thomas Sudkamp  
Provost

Dr. Robert E.W. Fyffe  
Vice President for Research

Ms. Ellen Reinsch Friese  
Associate Vice President for Research

WHEREAS, the Chief Executive and the KMP have been processed, or will be processed, to the level of the facility clearance granted to this institution, as provided for in the aforementioned National Industrial Security Program Operating Manual; and

WHEREAS, the said KMP are hereby delegated all of the Board's duties and responsibilities pertaining to the protection of classified information under classified contracts of the Department of Defense or User Agencies of its Industrial Security Program awarded to Wright State University; and

WHEREAS, the following named members of the Board of Trustees shall not require, shall not have, and can be effectively excluded from access to all classified information in the possession of Wright State University, and do not occupy position that would enable them to affect adversely the policies and practices of Wright State University in the performance of classified contracts for the Department of Defense or User Agencies of its Industrial Security Program, awarded to Wright State University, and need not be processed for a personnel clearance:

Michael Bridges  Larry R. Klaben
Eloise P. Broner  William W. Montgomery
Douglas A. Fecher  C.D. Moore
Anuj Goyal  Altagracia Ramos
Nina Joshi
THEREFORE be it

RESOLVED that the Board of Trustees of Wright State University authorizes the establishment of the above KMP and this resolution supersedes Resolution 15-43 dated June 4, 2015.

Mr. Fecher moved for approval. Dr. Goyal seconded, and the motion was unanimously approved by roll call vote.

D. Finance Committee

Vice President’s Report

Dr. Mark Polatajko, vice president for business and finance / chief operating officer, highlighted the current status of the FY15 financials and FY16 budget and offered some key initiatives emphasizing resource optimizations currently underway.

Every 2-3 years the University undergoes a ratings update with Moody’s, our bond ratings agency. Our current rating is A1 with a stable outlook. The following information was reported to Moody’s. Overall revenues have been on an upward trend over the past three years due to managed enrollment growth of 2% a year. Wright State continues to remain affordable and currently ranks fourth lowest among state universities in terms of tuition and fees.

Funding received from the state, (SSI), has shown a gradual upward trend over the last several years (currently 4.5% in 2015 and 4% in 2016) in exchange for a statewide tuition freeze and efficiency measures going into place next year. Course and degree completions continue to improve and will factor in long term to generate additional SSI funding.

Investment income has been used to fund operating activities at a level of $8 million per year. However, there is a plan in place beginning with 2016 to incrementally reduce our reliance on investment income for operating purposes to zero by budget year 2020. Auxiliaries have performed well, including Parking and the Nutter Center. Housing is nearing 100% occupancy.

Resource optimization initiatives include Wright State’s partnership with Chartwells’ for hospitality services and our consortium with several other institutions under the Enterprise Print Management shared services program. Increases in the cost of healthcare benefits have been managed through strategic plan design changes, premium revisions, wellness, and platform shifts.
Over the next 18 months, several contracts will be coming up for renegotiation. Included are the current 25 year agreement for campus housing with A.M. Management and a 10 year contract with Pepsi for beverage service. This renegotiation presents opportunities for the University to improve its position and partnership agreements.

**Campus Auxiliaries and Business Services Update**

Ms. Gheretta Harris, executive director of campus auxiliaries and business services, offered an overview of the various units and services that fall under her department. Campus Auxiliaries and Business Services (CABS) is service driven and include strategic procurement, materials management, and auxiliary services.

**Am. Sub. HB 64**

Section 369.560 and 590, originally referred to as the Governor’s Executive order - created the Ohio Task Force on Affordability and Efficiency to prepare a report for the Governor by October 1<sup>st</sup> detailing recommendations for cost and efficiency savings. Subsequent to this report, all board of trustees will need to complete their efficiency review by July 1, 2016 and prepare a report for the Department of Higher Education on measures they have identified to comply with recommendations from the Task Force report by July 31, 2016.

Section 369.600, the Reducing College Costs Initiative, requires institutions to identify ways to create a 5% reduction in the cost of tuition and fees for undergraduate in-state students.

RESOLUTION 16-11

WHEREAS, in order for the university to conduct business on an on-going basis, and provide products and services in a timely manner, purchases must be made; and

WHEREAS, these expenditures may exceed $500,000; therefore be it RESOLVED that authorization is granted for the accompanying contracts now before the Board of Trustees be, and hereby are approved.

Mr. Fecher motioned for approval. Mr. Klaben seconded, and the motion was unanimously approved by roll call vote.

- Ms. Gheretta Harris, reviewed the university’s expenditures of $250,000-$499,999. No action was required.

- Mr. Ulliman shared the university’s investment report for the period ending August 31, 2015.

E. Student Affairs Committee

Vice President’s Report

Dr. Dan Abrahamowicz shared updates on student-centered activities taking place at the start of the fall semester, including Move-In Day, Athletics team practices and games, Welcome Weeks, and Homecoming. Homecoming Weekend activities will include a performance by comedian Kevin Hart, sponsored by students and the University Activities Board. Dr. Abrahamowicz shared that the fifth week of the term is a stressful time for students, and this is being observed in the residence halls, Community Standards and Student Conduct, and Counseling and Wellness Services.

He also explained how all Student Affairs departments share a commitment to students and student-centeredness. These departments provide important services that are instrumental to student success, and provide intrinsically valuable educational programs and activities that supplement the classroom with real-life learning experiences. Another important hallmark of the work of Student Affairs is collaboration.

Ms. Kathy Morris and Dr. Carol Patitu presented information on the collaboration between the Student Affairs administrative unit and the Student Affairs in Higher Education (SAHE) master’s degree
academic program. Key to this program is the distinctive blend of practice and academic preparation.

The Office of the Vice President for Student Affairs coordinates the graduate assistant matching process, funds several internships, and provides start-up funding for new internship opportunities. Graduate Assistants are placed in numerous departments across campus and at other institutions. Wright State currently employs 67 graduates of the SAHE program.

The program also offers three career tracks—Career Advising, Sports Management, and International Programs—and boasts of international internship collaborations with Anglia Ruskin University in England. Anglia Ruskin is building the first Student Affairs program in Europe and is modeling its curriculum after Wright State’s.

Mr. Tom Webb, Director of the Office of Disability Services, shared information on the collaboration between the Office of the President, the Office of Disability Services, Student Union and Campus Recreation, and the University Honors Program to bring a series of speakers to campus for this year’s Presidential Lecture Series, celebrating the 25th anniversary of the Americans with Disabilities Act. Speakers include Professor Temple Grandin, Former U.S. Senator Tom Harkin, Paralympian Amy Purdy, and Comedian Maysoon Zayid.

**Student Government Report**

Student Government president Gavin Doll and S.G. vice president Kayla Muncie provided an update on the initiatives of Student Government. The organization plans to increase student engagement by initiating a freshman internship program that will allow first year students to play a role in Student Government. A program will be created to promote collaboration between student organizations; and faculty mixers are planned to create opportunities for students and faculty to interact outside of the classroom. Student Government will also work on recognizing student academic achievement through the SG scholarships, which they hope to change from a payable scholarship to an endowed scholarship.

**Updates**

Mr. Dan Bertsos, director of residence life and housing, shared fall updates from Residence Life and Housing. The yield on housing
applications is up for the fourth consecutive year, reaching 89.7%. Occupancy is up by over 200. New applications are up 2.6%, with a doubling of Valedictorian/Salutatorian and National Merit Scholars. Returning applications are up 8.6%, with returning sophomores, juniors, and seniors up each year since 2013.

This year, a VISTA volunteer will be added to the Graduate Assistant in Residence program to assist with University College’s student success initiatives. This builds on last year’s success with Graduate Assistants in Residence from the College of Engineering & Computer Science who worked with students on STEM initiatives. Wright State began its first All-You-Care-To-Eat dining option on weekends in The Hangar.

Residence hall students presented on three aspects of residential student programming: Residential Community Association (RCA), African American Residential Caucus (AARC), and Student Weekend Activities Team (SWAT). Ms. Katherine Simpson and community director Kate Page shared that RCA plans events and serves as a legislative body for residential students. RCA worked to initiate the Residence Life Cinema Program, which offers newly released movies to residential students.

Ms. Taylor Belle and Mr. David Person shared that AARC promotes empowerment, excellence, leadership, and scholarship, and works to create flexible programming that is relevant to students’ concerns. AARC offers workshops, mentoring, and game nights, and have an active social media presence. Ms. Simpson shared that SWAT offers programming for residential students every Friday and Saturday night. Mr. Michael Bridges commended the student groups for their work in building an active social media presence and ensuring that they are creating programming with a message.

F. Student Trustees’ Report

Ms. Hailey Billing outlined some of the exciting events that have taken place during the first couple of weeks of the semester.

Wright State students, faculty and staff participated in the first ever Hunger Cup Campaign. The Hunger Cup was a competition between Wright State and the University of Dayton to collect money and food items for needy students and Dayton residents. Wright State collected 6,877 meals compared to 2,845 meals collected by University of Dayton. The food donations benefit the Wright State
Food Pantry and Boggs Ministry, and the money raised will support the Food Bank in Dayton and Boggs Ministry.

Greek Life has started their recruitment season. Wright State’s fraternities and sororities are hard at work promoting their philanthropies and hosting events to attract new members. Some of the philanthropies supported include Big Brothers Big Sisters, Breast Cancer Awareness & Education, and Autism Speaks.

In response to student requests, Student Government is exploring what constitutes healthy vending options. They are looking at calorie count, nutritional value and what appeals to the consumer. Conversations are underway with vending to see if any changes are needed.

Wright State is presently hosting Homecoming activities for returning alumni and students. Plans for the week include a cardboard boat race, the 3rd annual Nearly Naked Mile run, and a Daris Rucker concert. Club Football, Women’s Soccer and Men’s Soccer all have games this weekend. Homecoming festivities will come to an end on Sunday with comedian Kevin Hart performing at the Wright State Nutter Center.

G. Faculty Senate President’s Report

Dr. Carol Loranger presented the Faculty Senate report. Work on academic policies is underway to complete the revision project began last year in preparation for the universities’ spring reaffirmation of accreditation. Another project in progress involves online and hybrid courses and improving the uniform designation for these courses to insure consistently for students. Accessibility of online courses for students with disabilities is also being addressed.

Wright State has a growing international student population. A task force is looking at policies and procedures to manage transfer credits from overseas institutions. The goal is to insure that the credits accepted match Wright State’s expectations for academic rigor.

Faculty Senate projects upcoming include a task force to study the availability of general education required courses to make sure that courses are offered to students in a timely manner. The Senate has also been asked to look at commencement and whether or not this is the time to split commencement into two ceremonies; one for undergraduates and one for graduate students.
X. PRESENTATION AND POLICY DISCUSSIONS

Dr. Mary Ellen Ashley
Vice President for Enrollment Management
The Many Faces of Wright State

Ms. Mary Ellen Ashley, vice president for enrollment management, discussed Wright State’s enrollment. The future of enrollment growth looks strong. Admissions received nearly 17,000 applications for the 2014-2015 academic year with 11,501 students being admitted. Among those admitted students, 6,038 enrolled for Fall classes for a 52.5% yield which is a good yield for a public institution. Looking at positive double digit enrollment trends since 2013, applications for 2015 are up 12.50% over 2014, admits up 12.10% and enrolled student numbers are up 10.80%.

Ms. Ashley outlined the enrollment yield and growth by county with Montgomery and Greene yielding the most students followed by Clark, Warren, Miami and Franklin. She also shared demographic profiles for new undergraduate degree-seeking students for Main and Lake Campus, a new graduate student profile, and a profile of College Credit Plus students for Main and Lake Campus. The profiles included data on age, gender, ethnicity, average ACT scores, first time and transfer students, and top high schools.

The Board was treated to a sneak peek of the new marketing campaign Wright State will be using to reach graduating high school seniors to inform them about Wright State and what we have to offer. Titled “Dare to Do” it links to the Wright Brothers’ adventurous spirit with “Dare to dream, dare to inspire, dare to soar” and offers a strong representation of the benefits of a Wright State University education.

**Homecoming:** Homecoming at Wright State has been evolving for many years. Programming for students, alumni, and friends is generated primarily from the Office of Alumni Relations and the Office of Student Activities. A majority of the events target affinity based audiences with the exception of the Homecoming Festival.

**Homecoming Festival 2015 at a glance** - A dedicated team of staff representing various departments on campus has been working annually to generate engagement of alumni, students, donors, and friends of Wright State during homecoming weekend. The Homecoming Festival has become the anchor for the Homecoming weekend events and is the event that our planning committee hopes will draw the largest, most diverse audience.

Representatives from Alumni Relations, Student Activities, Campus Rec, Event Services, Athletics, Bookstore, and Housing make up the Homecoming Festival planning committee. As of this year, the Homecoming Festival is moving toward a concert type atmosphere. The event will be held in the parking lot of the Rinzler on October 10, 2015, two Wright State alumni (Kate Hasting and Alexis Gomez) will come back to campus to perform in conjunction with the annual Chili Cook Off, men’s soccer game, alumni beer tent, local food trucks, and various other activities. The Homecoming Festival Schedule is below.

- 5:30 – 6:45 p.m. Alexis Gomez
- 5:30 p.m. Annual Chili Cook Off
- 7:00 – 9:00 p.m. Wright State Men’s Soccer vs. Valparaiso
- 9:30 – 11:00 p.m. The Kate Hasting Band

**Event Updates:**

- **Senior Week:** This past April the Office of Alumni Relations sponsored its annual Senior Week for Wright State seniors about to graduate and become alumni. For our office, this is a great opportunity to connect with the graduating class to educate them about the alumni association and share with them ways they can stay engaged with the university for a lifetime. This year, Senior Week consisted of 8 programs, such as “Senior Sneak Peak” which were behind the scene tours of the new NEC and Student Success Buildings, “Life after College”, a series of educational programs that focused on areas like buying vs. leasing a car, buying vs. renting your first home, and managing personal finances, and the “Senior/Alumni Mixer” where students learned the art and science of networking and then were able to put their skills to the test with prominent alumni from the region. Students also received a free professional headshot and 25 business cards.
New to Senior Week this year was a special event, “A Time to Shine, A Toast with President Hopkins”. This event was held on the eve of commencement at the Alumni Tower and provided seniors and their families an opportunity to hear President Hopkins address the students and participate in a champagne toast. For most of the seniors, this event commemorated the last time they would be on campus as a student. We had 60 students and their parents in attendance for this first annual event.

The two most attended events of Senior Week were the Alumni/Senior Happy Hour at Fox & Hound and the Mixer and the 8th Annual Senior Send-Off Picnic at the Alumni Tower. Each of those two programs had over 100 students in attendance. Overall, Senior Week was a huge success. Across the 8 programs that made up Senior Week, we engaged over 500 students!

- **Wright State Day at the Cincinnati Reds**: In July, the Alumni Association sponsored its annual Cincinnati Reds trip. This year the Greater Cincinnati Alumni Network, the Greater Dayton Alumni Network, and the Graduates of the Last Decade Alumni Society collaborated to provide a great program for all of our local alumni. This year’s itinerary included a backstage tour of Great American Ballpark, tour of the Reds Hall of Fame, and a special baseball themed discussion by Wright State Professor, Dr. Scott Peterson. This year’s Cincinnati Reds Trip sold out at 85 attendees.

- **Alumni College**: The first weekend in August was our third annual Alumni College Weekend. We had 28 alumni come in from all over the country to attend the event. Presentations varied from social media to the constitution and medical studies to generational differences.

- **Legacy Scholarship Golf Outing**: 80 golfers were in attendance and over $16,000 was raised for the Legacy Scholarship fund.

**Alumni Society Fundraising Updates:**

- Fraternity / Sorority Alumni Society is in the midst of an online fundraising campaign to encourage gifts to the newly established scholarship fund.

- Nonprofit Leadership Alliance Alumni Society conducted an online fundraising campaign in mid-April to encourage gifts to match a $1000 pledge for the NLAAS Scholarship fund and held a guest bartender event on July 27 to raise funds for the fund. Due to their efforts, the NLAAS scholarship fund established in Nov. of 2012 has reached the $10,000 endowment level.

- The College of Nursing and Health Alumni Society has conducted many fundraisers throughout the year to raise funds for the CONH Alumni Society Scholarship fund. (Wine tastings, raffles, and dine to donates)

The Foundation’s endowment portfolio ended the year in positive territory, but only marginally so. The net annual return for the portfolio was 2.25%, 85 basis points higher than its composite benchmark. If private equity returns are factored in (for which there is no associated benchmark), the return is bumped up to 2.63%. Although the FY15 return was well below the Foundation’s policy target of 8%, the 3- and 5-year returns did exceed that target at 8.78% and 9.30%, respectively. The endowment portfolio ended the fiscal year with a market value of just under $80 million.

The Foundation’s Investment Committee debated several allocation changes in the endowment portfolio toward the end of the fiscal year. Approved changes reallocated our investments away from fixed income and increased our equity and alternative asset exposures. The table below reflects these changes and includes a new allocation to energy debt. Approved reallocations in the alternative space had not been accomplished by year-end, which accounts for the unusually high amount in cash and equivalents.

The Foundation’s net asset position suffered a significant (18%) loss in FY15 due partially to the muted investment earnings discussed above and as well to robust spending in support of our fund raising campaign and the University’s branding initiative. While receiving only 61% of the revenues anticipated during the year, the Foundation spent 84% of its budget authorization. This resulted in a nearly $1.7 million loss in unrestricted net assets. Unrestricted net assets at the end of FY15 were $7.6 million.

The Foundation’s current endowment target allocation, actual allocation, and market values as of June 30, 2015, are presented below:

Planned Giving Update

Results for FY2015

A total of 18 new planned gift commitments were secured in FY15 for a projected gift value of $3,489,383. Included was one charitable gift annuity and one new life insurance policy. The remainder are bequests.

An additional 11 planned gifts are in discussion with an estimated projected value of $4,160,000. There are 33 more potential planned gifts that are in early stage discussion.

Annual Giving Update

Annual gift solicitation (gifts of up to $10,000) will be more significant during the broad-base appeals made during the public phase of the Rise. Shine. Campaign. Besides enabling the broad constituency base to participate in the Campaign and build toward reaching its overall financial goal, this effort will build the platform for future fundraising efforts by engaging more donors, increasing current individual giving levels, and identifying new major gift prospects.

Fall Phonathon – September 12 – November 12
The nine-week campaign will begin on September 12. Students will be trained and make calls seven days a week (with double sessions on the weekend) to reach a goal of $395,000 this fiscal year. For the third year, the services of consultant Wilson- Bennett Technologies are being employed to manage this year’s two Phonathon campaigns. Phonathon raised nearly $265,000 in FY15 with an improved fulfillment rate of 75%, which is up about 10% over FY14.

Strategies moving into FY16
- Two additional weeks during fall and spring Phonathon
- Evaluating energy spent on non-donors who have received calls from WSU over the last four Phonathon campaigns and continually decline to make a gift

Fall Direct Mail Appeal
The annual fall direct mail appeal will begin on October 29. It will be customized with students in each academic area who received the appeal and branded with the Campaign’s Rise. Shine. markings.
New initiatives included:
- Suggested giving amounts
- Encouraged donors to jump up to the next giving society
- We included the Wright State University Alumni Association scholarship appeal

Phonathon and Fall Appeal – Multi-Channel Strategy
New in FY16 will be a multi-channel approach for identified segments. Three segments in the fall will pilot our multi-channel strategy: Accountancy, Lake Campus, and Alumni Association. Fall appeal direct mail will drop around October 12, with Phonathon calling beginning 7-9 days later with very specific scripting related to the mail piece.

2015 CSIC
FY15 results $523,138, an increase of nearly $23,500 compared to FY14 at the end of the fiscal year. In addition, at the end of the fiscal year 2015, participation was 57% from full time faculty and staff.

2015 CSIC results will be calculated through December 31, 2015: 2014 CSIC raised $842,678, 60% participation.

Student Giving
Increasing student understanding of philanthropy and student giving to Wright State will receive particular emphasis again this academic year. In August, our Graduate Student who also serves as our President for the Student Philanthropy Council attended the CASE ASAP annual conference.

In 2015/2016, we will continue to build our GivingTuesday and Tunnel Takeover activities to increase student philanthropy at Wright State.
Comprehensive Campaign Activity

- Gifts and pledges of $118,829,375 have been accepted as of 8/31/2015

- Current presidential ask proposals total $85 million

- College/school proposals outstanding represent $36 million in asks

- Tracking of the four donor classifications includes these totals:

FY ’16 Year-End Goal: $150,000,000

Campaign Impact to Date:

- Gifts have been received from 14,394 friends and 11,453 alumni
- 27,676 individual gifts have been received (also includes foundations & corporations)
- Since the beginning of the Rise. Shine. Campaign we have made 32,882 contacts including 7,900 face-to-face visits!
- First-time gifts to Wright State comprised $14.8 million of the total
- Since the start of the campaign we’ve presented 1046 proposals with 571 accepted (54.3% acceptance rate)

Campaign Emphasis:

- Hosting public launch events this fall (NYC, LA, Washington DC, Cincinnati)
- Generating new scholarship funds for all purposes
- Raising funds for the Neuroscience Engineering Collaboration Building, Creative Arts Center, Student Success Center Building, and the Archives
- Securing new endowed chair and professorship gifts

Tom Hanks Visit:
- Collaborating with the Hanks’ team to secure spring dates for his campus visit
Student Success and Classroom Building. Project is complete. Students and occupants are now using the building. The ribbon-cutting ceremony is scheduled for October 9.

Creative Arts Center. Phase II, which included the site work and steel frame for the building addition, is complete. Phase III, the completion of new addition and renovation work in existing building, has commenced with entire project scheduled to be completed summer 2016.

House Bill 7 Initiatives. ABM has completed all ECMs. The measurement and verification (M&V) period has begun, with the first M&V year concluding June 30, 2016.

Student Union Renovations. Jerome Scott was selected as the architecture/engineering firm to renovate the Student Union second and third floors for the Student Gateway project. Design will commence after program of requirements is finalized.

Lake Campus Trenary Project. Upgrades to Trenary Hall are complete and occupants have moved in.

ODOT Shared Services. The project is under construction with completion scheduled for November 2015. As part of this project a traffic circle was installed.

Classroom Modernization. The project is in progress. Two prototype classrooms were completed summer 2015 with the goal of soliciting feedback this fall semester from a cross section of faculty. Additional bid packages for renovations including finishes, technology and classroom furniture upgrades will be issued this fall and spring 2016 with the project concluding by the end of 2016.

Rike Hall Coffee Bar. The project is now complete and operational. A ribbon cutting ceremony will be scheduled this fall.

Way-Finding Initiatives. Three way-finding initiatives are currently underway to address building/lot external signage, building internal signage, and emergency evacuation signage, respectively. Emergency evacuation signage upgrades will be installed fall 2015.

Kettering Center Abatement. This asbestos abatement project was jointly-funded initiative by Wright State, City of Dayton, and the State of Ohio. The project is now complete.

Tennis Courts. Project design is finalized; however, based on initial contractor estimates, the project scope is being revaluated. Bid out is planned for this winter for construction to begin spring 2016.

Campus Master Plan. This project is ongoing with expected completion fall 2015.

Pedestrian Bridge. The pedestrian and bike bridge over I-675 connecting Wright State and the Mall at Fairfield Commons is now open and operational. “Wright State Way” signage will be erected on the bridge this fall.
Office of Communications

Public relations, media relations and internal communications play a vital role in university operations and branding. Communications staff view interactions in each of these disciplines as invaluable opportunities to strengthen how people view Wright State. Our strategy is to build our brand through repeated positive mentions in the news and social media platforms (earned media) and by increasing university-wide awareness through the sharing of impactful positive news and stories through internal channels (owned media).

Public Relations

Office of Communications staff fulfill this role in large part by highlighting brag points and feel-good stories through high-quality articles posted to the Wright State Newsroom and distributed across university websites and on university social media channels. Newsworthy stories are identified by staff and leveraged as pitch tools to external media.

Data point:

The 2015 April—August public relations measurable are as follows:

- Media Clips: 601
- Impressions: About 20.5M
- Positive Advertisement Value: $594,406.64
- Negative Advertisement Value (related to federal investigation): -$133,613.11
- Verbatim Stories and Video: 80

Media clips: Defined as stories about Wright State (most often) or stories that only mention Wright State (less than 5% of counted clips).

Impressions: Defined as the total non-unique estimated viewership, listenership, readership and page views.

Positive Advertisement value: Media coverage that results in positive exposure for Wright State's brand, the value of which is derived by the amount in dollars that Wright State would have had to pay to advertise in the same space or time that our clips were used in the news.

Negative Advertisement value: The inverse of Positive Advertisement value. Media coverage that is unquestionably negative for Wright State's brand, the value of which is derived by the amount in dollars that Wright State would have had to pay to advertise in the same space or time that our clips were used in the news.

Verbatim stories: Stories written by Communications staff that were printed or posted exactly as they were written by external news sources. Video shot and edited by Communications staff that was used exactly as provided to external news sources.
Media relations

The Office of Communications views all unexpected media inquiries as opportunities to strengthen or protect the brand of the university. In 2014, Communications adopted an organizational structure that allows Wright State to be hyper-responsive to media, which has improved the university’s output of earned media.

Data point:

Media made about 200 requests of Wright State from April—August 2015 that were positive in nature. The Office of Communications successfully fulfilled 176 or about 88% of the requests. Those fulfilled requests resulted in positive coverage with an estimated advertisement value of about $163,866.71.

Notable negative coverage included the on-going coverage of the federal criminal investigation into H1B visa fraud, which has resulted in over 100 stories or mentions both in the market and at times other markets in the region. Those stories have an estimated negative advertisement value of $133,613.11.

Internal communications

Communications staff members write, edit and post Newsroom stories that post to websites across campus. Stories are also shared through university social media channels. The office also distributes campus-wide email messages from the administration, crime warnings and emergency messages, among many others.

Data point:

The Office of Communications sent 92 campus-wide email communications from April—August 2015. About 70 of those messages were on behalf of colleges, units and other campus organizations. The rest of the messages were sent on behalf of the president, administration or police.

University Initiative Participation

The Office of Communications is also an active participant in university-wide initiatives, which include the 2016 Presidential Debate Planning Committee, Tobacco Free Campus Committee, Emergency Management Committee, Enterprise Print initiative, Total Compensation Advisory Committee, Internal Communications working group, and the Horizon League Ad Hoc Strategic Messaging group.
1. Undergraduate Admissions/Recruitment

- For Fall 2015, New Direct from High School (NDHS) applications increased by 7% to 6,474; Admits increased by 7% to 5,060; and Enrollments have already exceeded Fall 2014 OBR 14th day by 3%.

- 25% more NDHS registrants come to the Dayton Campus with a 4.0+ high school GPA.

- On Friday, August 7, the Office of Undergraduate Admissions/Recruitment hosted our summer Raider Open House. 242 prospective students, and a total of 569 people came to campus to find out more about Wright State. At Raider Open House, every academic department was represented by faculty and staff.

- Upcoming recruitment events for fall include: Saturday, October 10 Green & Gold Day, which will include homecoming festivities in the afternoon; and our largest fall recruitment event, Raider Open House on Saturday, November 7. Monday, October 12, Columbus Day, will also be heavily trafficked with visitors. This day will include a campus tour, presentation and a financial aid presentation.

- Five new staff members have joined the team since April 2015. Justin Fiehrer, Student Intake Coordinator; Brittany Barrett, Administrative Specialist; Dani Heeter, Director of Undergraduate Recruitment; Emily Condit and Lindsay Peters, Recruitment Specialists.

2. Enrollment Processing & Financial Aid

- As of August 31, 2015, the Enrollment Processing team had processed more than 12,277 total undergraduate admission applications. This was approximately 11% more than last year, same date.

- Effective August 31, 2015, Mr. George Bourelle will serve as the Enrollment Processing Supervisor.

- The Office of Financial Aid, in collaboration with several offices across campus, worked with a Federal Program Review team from April 20-23, 2015. The Federal Program Review consisted of reviews of Federal financial aid regulatory compliance, compliance for Clery Act regulations, and fiscal accountability for Federal financial aid funds. The preliminary Federal Program Review Report was received by the University on June 15, 2015, and appropriate responses and actions were submitted back to the Federal Program Review team on August 14, 2015.
• Financial aid began disbursing to the student accounts on August 21, which is ten days prior to the start of the fall semester. The first disbursement for fall semester is the single largest disbursement of financial aid to the student accounts annually.

3. Early College Programs

• Over the summer, (1,161) applications for College Credit Plus were processed and (631) high school students were admitted to the program at both campuses. Students from (90) schools applied to Wright State for Fall 2015 and many delayed to the Spring 2016 semester.

• The Greene County College Success Partnership is in full swing for Fall 2015 with Preston Eberlyn, the new Graduate Assistant, serving as Program Coordinator this year. New social media is in place on Facebook, Twitter, and Linkedin. Two Americorp workers will be full time in Fairborn High School and Greene County Career Center to counsel students on pursuing higher education.

• Wright State is partnering again this year with Student Paths, which is a curriculum program held in the high schools to educate students on the process of preparing and attending college. Student Paths program is used in 167 high schools in Ohio including Bellbrook, Carroll, Fairborn, and Kettering Fairmont. Over 6,000 inquiries were generated for Wright State through this program last year.

4. Raider Connect

• Raider Connect is pleased to welcome Luchanna Davis and Shayla Cothran to our team as Enrollment Service Advisors on July 1, 2015.

• Raider Connect launched a new Proxy Access service for students this past July. The new WINGS Express option allows students to designate family members, sponsors or others to view their course schedule and academic record online. It also allows the selected individual to speak with Raider Connect about these items, plus financial aid information, via the phone or in person.

5. Transfer Student Resource Center (TSRC)

• On July 9th, the Transfer Student Resource Center hosted our fifth Transfer Open House. There were 70 prospective student attendees and their guests for a total of 122 visitors, and 79% of the students submitted an application to Wright State.

• On August 21st, we held a “Connections Day” event for incoming new transfer and Lake Campus transition students. There were 91 students and their guests for a total of 122 participants. Students were welcomed to campus and had opportunity to “connect” with other students, meet students with shared majors, and interacted with representatives from degree-granting colleges.
• Since April, we have facilitated the approval of 18 new articulation agreements and 19 articulation agreement renewals.

• Executive Director, Charles Long, has been elected as co-chair of the SOCHE Articulation Council.

• Along with representatives from RSCOB and CONH, Wright State was represented at 56 different recruitment visitations at area community colleges, hospitals, businesses, and military institutions.

• Melissa DeButz and Charles Long prepared a presentation titled “Assisting Veteran and Military-connected Students to Successfully Navigate the Transfer Process,” which Melissa presented at the Ohio Transfer Council Conference.

6. Orientation

• Facilitated 22 redesigned Summer Orientation programs serving 2,362 students and an additional 4,000 guests, a 5% increase from last year. Programs were focused on providing students and family members with a connection to the institution as well as registering students for Fall Semester classes.

• Piloted an enhanced outreach plan for students, providing a personal phone call immediately before the Summer Orientation experience and another call between Summer Orientation and Fall Orientation.

• Produced a Student Orientation Resource Guide with all pertinent information contained within one publication.

• Planned and implemented Fall Friday Orientation Activities in collaboration with Student Affairs and the Academic Colleges. Over 1,000 students attended the opening Orientation Session, and then moved to their college meetings.

Social Media

Growth
The university’s main accounts have grown to 114,381 fans, connections, and followers, growing more than 13 percent so far in 2015.

Wright State now has 154 social media profiles connected to our social media management enterprise system. Compared to last summer, we have maintained our high level of interactions and dramatically increased our reach, adding 70 percent more users and 44 percent more impressions.

Social Media Managers Group Training
The social media managers group includes 250 individuals from across both of our campuses. In conjunction with the Office of Communications, we conducted a training session for our social media managers on crisis communications. Additionally, we have offered continued Sprout Social training sessions as well as formal and informal training sessions with individuals.

Presentations
Wright State’s Director of Social Engagement Katie Halberg presented at the AACRAO Annual Conference, sharing our social media engagement techniques and tips with higher education professionals from across the nation. Halberg also presented at Staff Development Day and the School of Professional Psychology Orientation.
Crisis Communications
Social media, by its nature, is on the virtual front lines of any issue. Therefore, the office works closely with the Office of Communications during times of crisis. The two offices collaborated to develop a crisis communications plan for Wright State’s social media channels, formalizing the procedures, communications, and tools necessary to contain and navigate the social environment when incidents arise online or offline.
Multicultural Affairs & Community Engagement
Report to the Board of Trustees
September 4, 2015

The Division of Multicultural Affairs & Community Engagement had a very busy and productive summer. The following are highlights of some of our activities.

DIVERSITY DATA

Town Hall on Campus Climate

In order to ensure that we provide an environment conducive to the success of all students and employees regardless of background, the University undertook a comprehensive campus climate survey last fall. The Vice President for Multicultural Affairs & Community Engagement will be facilitating a series of discussions with various campus constituencies over the next few months based on these survey findings. These discussions will culminate with a Town Hall meeting in November to discuss strategies to improve campus climate. Although most faculty, staff, students and alumni view Wright State University as an inclusive and supportive environment, as part of our ongoing efforts related to continuous improvement, we will discuss areas identified by the survey in which work needs to be done. For a summary of survey results please visit the Division of Multicultural Affairs & Community Engagement webpage. As you might recall we had indications of positive change when looking at reports of discrimination from a survey conducted in 2010 versus the current 2014 survey. The rate of students reporting they experienced discrimination in the current survey decreased by more than half when compared to the previous one. In addition the percent of faculty and staff indicating that they believed our campus was an inclusive one increased significantly.

DIVERSITY TRAININGS, PROGRAMS AND EVENTS

The following are just a few examples of the programming activities in which staff in the division were engaged:

Diversity Training for University Police

Multicultural Affairs & Community Engagement staff conducted training for WSU Police Department employees entitled, “Current Diversity Issues in Policing”. Topics covered during training included implicit bias, community policing, and current controversies in the state involving police. The session also included a dialogue with a diverse panel of students and discussion of strategies to keep the lines of communication open between campus police and their diverse constituencies, particularly students.

Staff Development Day Presentation- Changing Times: From Equality to Equity

On behalf of the Division, the Director of LGBTQA Affairs conducted two workshops as part of WSU’s annual Staff Development Day entitled Changing Times: From Equality to Equity. This session covered knowledge and strategies needed to shift from equality mindedness to equity mindedness when serving students and colleagues in higher education. Participants explored the concept of equity and how to be an ally through an in-depth discussion on how to serve transgender and gender non-conforming students, staff and faculty at Wright State.
The new Director of LGBTQ Affairs and volunteers also conducted Safe Space trainings for all 1st Year Seminar Peer Mentors, all new Counseling and Wellness Services Interns and professional students as well as a Straight Facts About LGBTQ Life Program for all Resident Assistants working in Housing.

**Faculty Learning Community**

The interim director of the Center for Service Learning and Civic Engagement conducted a faculty learning community in August entitled, “Finding Scholarship in Service Learning and Civic Engagement”.

**Faculty Workshop on Mitigating Stereotype Threat in the Classroom**

The Office of the Vice President for Multicultural Affairs & Community Engagement provided support to the Center for Teaching and Learning in presenting a summer workshop in July for faculty structured around the research and recommendation in Claude Steele’s book, *Whistling Vivaldi*. The workshop was facilitated by Dr. Rick Incorvati of Wittenberg University. The book focuses on defining and mitigating stereotype threat which contributes to the achievement gap between various groups of students.

**Faculty Symposium: Teaching for Student Success-Reducing the Achievement Gap**

The Office of Multicultural Affairs & Community Engagement collaborated with the Office of the Vice President for Curriculum and Instruction and others to produce a faculty symposium with a focus on sharing strategies for reducing the achievement gap. The symposium provided an opportunity for 150 faculty members to share best practices, celebrate accomplishments, and discuss new theory, learning and teaching practices in a forum dedicated to enriching the student learning experience.

**COMMUNITY ENGAGEMENT ACTIVITIES**

The following are a few examples of community engagement activities in which we have been engaged since the last report:

**Women’s Leadership Collaborative of Greater Dayton**

The Vice President for Multicultural Affairs & Community Engagement and the Mayor of the City of Dayton, in collaboration with a number of other partners from around the region, have created an organization to leverage the skills of leaders in the area to promote healthy and prosperous communities through helping more women gain positions of influence within government, business and education. The collaborative held its first leadership retreat in August. Sixteen participants were selected to take part from a variety of employment sectors. Our very own Debra Radford, WSU Business Manager was one of those selected. The program will be administered through the Women’s Center at Wright State.

**Partnership with Dayton Contemporary Dance Company**

The Vice President for Multicultural Affairs & Community Engagement facilitated a formal partnership agreement between Wright State University and the world-renowned Dayton Contemporary Dance Company. This partnership will enhance students’ educational experience by increasing exposure to high-quality arts programming.
**Dayton Property Assessment**

The Office of Service Learning and Civic Engagement submitted a successful proposal to Thriving Communities, Inc., Cleveland, Ohio, that involves assessing all of Dayton’s 74,000 property parcels. The project trained 16 students to assess properties using an iPad with a geospatial application and survey instrument. Students began work in July and will complete the property assessments by the end of September. As students walk through neighborhoods, they often talk to residents and answer their questions. The City of Dayton notified residents about the property assessment and a story appeared in the *Dayton Daily News*. The Dayton Police Department is also aware of this work and is collaborating by watching out for surveyors.

**Westwood Community School**

The Division is excited to announce a new partnership with Westwood Elementary, PreK-8, in Dayton. This summer Westwood became the sixth community school in the Dayton Public School System. Wright State University will serve as the “university partner” and the Wesley Center as the “community partner.” Funding for the project comes from PNC Bank, Dayton Public Schools, the United Way and Wright State University. This partnership provides experiential learning opportunities for students in terms of service learning, internships and volunteer opportunities. It also helps to better prepare young children from communities historically underserved by post-secondary education and support teachers in their efforts to enhance learning in a local public school. Faculty and staff are also being recruited to help meet special needs identified by the site coordinator and the school’s principal.

**Summer Camps**

The Office of Pre-College Programs offered a wide variety of summer learning opportunities which began on June 8 with the Discovery/Odyssey Programs. Over 1,000 participated in the programs. The Discovery/Odyssey programs are designed for grade K-9 students learning about: science, mathematics, foreign languages, the arts, the humanities, and computer technology. Classes were held from 9 a.m. to 3:30 p.m., Monday through Friday, with extended care available. Course options were available for students identified as Gifted and Talented.

In addition the Office of Pre-College Programs, in conjunction with the College of Science and Mathematics, College of Engineering and Computer Science, and the University Libraries, presented *Exploring STEMM-Enriching Minds through Science 2015*. Students participated in a variety of STEMM related activities over a two-day period. Students, who must be Ohio residents, spent one night on campus under the supervision of Residential Assistants. Some of the topics students explored included: The Nanoworld of Precious Metals, Human Anatomy, Falling Waters, Brain Plasticity, DNA and forensic science.

Upward Bound students reported to campus on June 21 for a five-week intensive academic academy. Forty-one (41) students participated in the grant-funded initiative designed to encourage successful high school completion and college entry. This summer the program also received notification of continued funding for a million dollars ($250,000 annually for 4 years).

Pre-College Programs also received notification for the STEM Food Science Program funding from the Ohio Board of Regents for summer 2016 - $6,000 (will support scholarships for eligible students). This is a collaboration with the Lake Campus.
PRESENTATIONS AND PUBLICATIONS

At the invitation of the U.S. Government Accountability Office (GAO) at WPAFB, Mai Nguyen, the Director of the Asian and Native American (ANA) Center, showed the documentary film “Between Two Worlds: Dayton’s Vietnamese American Community” followed by a discussion. The session was transmitted live to the DC headquarters for all GAO employees to watch. It was also recorded to post on GAO-TV for two weeks for employees at different field locations around the nation to view during Diversity & Inclusion Month at GAO. This year’s theme is “Learning about oneself and about others.” At the end of the discussion, the DC headquarters chief was very pleased and said they would like to have a long-term working relationship with the office.

Mai Nguyen, Director of the Asian and Native American (ANA) Center attended NCORE 2015 in Washington DC from May 26-30. While there, she accepted an impromptu invitation to serve on the panel with two other administrators from the University of Alabama and the University of Georgia. The panel was about Having Our Say: A Diversity Dialogue about Today’s Multigenerational Workplace from the Female Perspective focusing on minority women working in higher education.

Dr. Kelli Zaytoun, the interim Director of the Women’s Center, presented a paper at the University of Texas at Austin at the Society for the Study of Gloria Anzaldúa Conference titled “Memoria y Conocimiento: Interdisciplinary Anzaldúan Studies – Archive, Legacy, and Thought.” The paper, “Embodied and Embedded: Anzaldúa’s Theory of Self in Notas H37-47” was part of a panel called “Working with Anzaldúa’s Writing Notas: An Archival Experiment in Four Parts.”

The Vice President for Multicultural Affairs & Community Engagement, Dr. Kimberly Barrett along with two Wright State University colleagues, Dr. Sharon Lynette Jones (English) and Dr. Tracy Snipe (History/Political Science), had a paper accepted for publication in a national magazine, Insight into Diversity. The piece explores personal reflections regarding the tragic shootings at an AME Church in Charleston, growing up in South Carolina, how this influenced their career, and recommendations for ending the hate that is the foundation of such tragedies.

Dr. Kimberly Barrett, the Vice President for Multicultural Affairs & Community Engagement, is the co-curator of a series of commentaries about racial identity entitled “Deconstructing Race”. This series airs on WYSO and features 10 Miami Valley residents responding to questions regarding their experiences.

AWARDS

The University will be the recipient of the 2015 Greater Dayton Workplace Diversity Award from the National Conference for Community and Justice of Greater Dayton (NCCJ) and the Dayton Area Chamber of Commerce. This award recognizes those organizations who foster an inclusive work environment in which all employees are inspired to contribute their best through their different perspectives, backgrounds, and experiences; and who have been role models in their local community as strong advocates for diversity.

The Vice President for Multicultural Affairs & Community Engagement will be receiving a DiversityFirst Award from the National Diversity Council. The purpose of this award is to recognize individuals, community groups, non-profit organizations, and business establishments within the legal, academic, corporate, and/or health community that have demonstrated outstanding achievements and sustained commitment to the pursuit of cultural diversity and inclusion in the community and workplace.
NEW HIRES

Following a busy year conducting national searches, we are proud to welcome several new diversity leaders to the Wright State University family. Most recently, effective September 1, Dr. Nicole Carter joined us as the Director of the Women’s Center. Nicole recently completed her Ph.D. in Educational Studies at Eastern Michigan University and also holds master’s degrees in Women’s and Gender Studies as well as English. She brings a unique combination of experience in both promoting service and community engagement on the part of university students and advocating for women’s issues and gender equity. She has also taught at both the undergraduate and graduate levels.

Dr. Edward Twyman was appointed as Director of the Bolinga Black Cultural Resources Center. He began his duties August 3. Dr. Twyman is a native Ohioan and has extensive leadership experience in higher education both as an administrator and in the classroom. Among other positions he served as the Senior Diversity Officer at the University of Wisconsin-Parkside, Dean of Multicultural Affairs at Providence College in Rhode Island and the Director of Multicultural Affairs at Ithaca College in New York, where he taught the Martin Luther King Jr. Freshman Foundation Course.

Petey Peterson was hired to fill a new leadership position at Wright State University, the Director of LGBTQ Affairs. They began on July 20. Most recently, prior to accepting the position at Wright State, Peterson was the program coordinator for the LGBTQI Life Department at Vanderbilt University. During this time, Petey managed the center’s educational programs and initiatives, including the Safe Zone Ally program, Speak OUT panel program, and Straight Facts about LGBTQI Life program. Petey also served on national committees and as a regional representative for the Consortium of Higher Education LGBT Resource Professionals.

In addition to these new hires, Dr. Jack Dustin former Chair of the Department of Urban Affairs and Geography has returned to Wright State to serve as interim director of the Center for Service Learning and Civic Engagement. The recipient of the Wright State University Presidential Outstanding Community Engagement Award, Jack has a rich and varied record of more than two decades of service to the community and the university.
Office of the Vice President for Research

Following opening of the Neuroscience Engineering Collaboration Building in April, late Spring and Summer has seen move-in and research activity initiated across many laboratories. Numerous events and ‘tours’ have taken place, including the Perkins and Will Symposium and specialized research conferences and meetings.

WSU was awarded over $42M for basic and applied research in FY15, representing growth of 3.7% over FY14, and restoring our research funding to pre-sequestration levels. Faculty and staff across campus and in our Wright State Research Institute should be congratulated for their continuing, successful, efforts to enhance our research enterprise.

The new academic year will begin with some important changes to our research and research compliance leadership team, designed to further strengthen support for faculty and competitiveness of submitted funding proposals.

G. **Committee Day Presentation-September 25, 2015**

Ms. Mai Nguyen  
Director, Asian and Native American Center  
“Native American’s Day” and/or “Indigenous People’s Day”

Dr. Kimberly Barrett, vice president for multicultural affairs and community engagement, introduced Ms. Mai Nguyen.

Ms. Mai Nguyen, director of the Asian and Native American Center, spoke about the history of Native American’s Day or as it is sometimes referred to as Indigenous People’s Day. This celebration of heritage has its roots in the recognition of the historic first settler’s in the United States; the American Indian.

Ms. Nguyen offered statistics on the population of Native Americans in the United States and the number of students at Wright State who are members of this population. The Wright State Asian and Native American Center offers academic, social, and cultural support for Asian and Native American students as well as unique programming to help others learn about and appreciate Native American heritage.
