Commencement Participation Policy

3685.1 Policy

Commencement ceremonies constitute public acknowledgement that students have completed education requirements of the University. Students are eligible to participate in the first commencement ceremony following the completion of their course of study. All exceptions to this policy must be approved by the dean of the appropriate college or school, who will forward approved requests to the Office of the Registrar so that students may be included in commencement ceremonies. Exceptions shall generally be restricted to mandatory relocation or documented emergency.

In recognition that Wright State University reaffirms the policy on commencement dates approved by the faculty in May, 1982. Exceptions to this policy are limited to international students unable to remain in the United States because of visa expiration and military personnel and their dependents under orders to relocate, who may be expected to complete all requirements for graduation. Any other exceptions must be based upon documented emergency situations.
