BARNES & NOBLE COLLEGE | bringing you what's next

COMPLETE CONTENT DELIVERY SOLUTIONS

"**Barnes & Noble College's approach to changing technology enables them to meet all our learning needs.**"

– Emily Messa, Executive Director,
University of Houston

Mounting challenges related to affordability, retention and successful student outcomes are driving colleges and universities to reshape their teaching and learning experiences. As schools seek new ways to break down the barriers to student success, they must provide a holistic solution that meets the needs of the whole student: financial stability, academic support and a sense of community.

Barnes & Noble College is the only partner who can truly help empower academic success on your campus. Our complete content delivery solutions ensure that students get the materials and support they need, when they need them, at the prices that work for them. We understand where the future of education is headed, and we're making sure that the solutions we deliver on your campus are headed that way, too.

With Barnes & Noble College, your students get the most affordable course materials and academic support they need to achieve greater success, both in and out of the classroom.
