## Keynote: Adam Sharp

FB
OHIO FARM BUREAU

The Ohio Farm Bureau recently just announced Adam Sharp as the new Executive Vice President. Sharp's role is to lead efforts to advance its mission to forge partnership between farmers and consumers.

AGRICULTURE PROGRAM
Wright State University LAKE CAMPUS

Wright State Collegiate Young Farmers & Darke and Mercer County Farm Bureaus

Emerging Agricultural Conference

Saturday, March 11, 2017
8:00am – 1:30pm

Wright State University Lake Campus– Dicke Hall

Conference Schedule

Small Scale Agriculture

Session One: Bee Keeping 101

Do you want to know more about bee keeping? Learn about the importance of bees to the environment and how to successfully keep your own hive. This session is for you.

Session Two: Wine Making

Learn from local experts at the Versailles Winery about the process of wine making and how to make it at home.

Session Three: Developing your own Marketing Plan

High yields are important but knowledge in marketing those crops can be even more important. Learn from grain originators on how to develop your own grain marketing plan.

Schedule

8:00-8:30 a.m. Registration

8:30-9:15 Welcoming
Keynote: Adam Sharp
OFBF Executive Vice President

9:15-10:15 Session 1

10:20-11:20 Session 2

11:20-12:30 Session 3

**12:30-1:30 Lunch**

Production Agriculture

Session One: Precision Agriculture

Ever wonder how precision agriculture can benefit farmers? Learn from one of the leading companies in precision agriculture about making field prescriptions to ultimately better yields.

Session Two: Manure Applications

OSU Extension has five years of on farm research conducted in Western Ohio about sidedressing manure. Learn about innovative techniques to apply manure to cut input costs.

Session Three: AI Demonstrations

Coba Select Sires along with Buschur Dairy Farms will demonstrate the proper way to artificial inseminate and provide tips to be successful in the AI process.
