I. The minutes of the January 8, 2018 committee meeting were approved as written.

II. 2017-18 Report

The committee reviewed the draft 2017-18 report (attached). After discussions, committee members requested that the parking subcommittee also investigate number of accidents on campus, pedestrian crosswalks near University Hall, communication of Spring Break & University closure parking rules, and visibility of signs that restrict parking in a certain range of spots (ex: A-pass spots in Diggs lot).

III. Double Bowler Presentation (Greg Sample)

Greg Sample, Chief Real Estate Officer, gave a presentation on the history of Double Bowler and current Wright State properties. At Mr Sample's request, the information from the presentation is restricted for committee-use-only to help inform their final report and recommendations. A copy of the presentation will be kept on file in the Faculty Senate office.

IV. SPIN Bike Sharing (Eric Corbitt)

Eric Corbitt, Director of Campus Recreation, gave a presentation (attached) on SPIN, a new stationless bike share program being planned for Fall 2018 implementation. Anyone with a wright.edu email address will be able to rent a bike for \$.50 per 30 minutes via an app. Bikes may be left anywhere* and are self-locking. Using the app, WSU community members will be able to see all bikes in their vicinity and can unlock a bike by entering payment and scanning the barcode on their bike of choice.

*SPIN will employ students to round up bikes left in random locations. Campus Recreation is developing guidelines and procedures for designated bike areas, and if/how their own student employees will assist with bike round-ups.

V. Adjourn – the committee decided to meet again at 10:00am, Friday, April 6, 2018.
