

## Seminar Notice

### Department of Biochemistry and Molecular Biology

**ALL Seminars are held in 141 Medical Sciences  
Thurs., 11:00 AM, Spring Semester 2018**

Date	Speaker	Topic
Thursday, January 18, 2018 Host: Michael Leffak	Dr. Michael Kemp, Ph.D. Research Assistant Professor Pharmacology & Toxicology Wright State University	“Novel insights into the DNA damage response in UV-irradiated human skin”
Thursday, January 25, 2018 Host:	No Seminar	
Thursday, February 1, 2018 Host: Weiwen Long	Dr. Rajesh Naik, Ph.D. Chief Scientist USAF Research Laboratory Wright-Patterson Air Force Base	Airman Health and Performance Research at 711 Human Performance Wing
Thursday, February 8, 2018 Host: Michael Leffak	Dr. Yong-jie Xu, M.D., Ph.D. Associate Professor Pharmacology & Toxicology Wright State University	“Checkpoint Signaling at the Perturbed DNA Replication Forks”
Thursday, February 15, 2018 Host: Madhavi Kadakia	Dr. Marcos Bamman, Ph.D. Professor & Center Director UAB Center for Exercise Medicine The University of Alabama at Birmingham	“Molecular Phenotyping to Understand Inter-Individual Exercise Response Heterogeneity: Path to Precision Medicine”
Thursday, February 22, 2018 Host: Michael Craig	Dr. Kathryn Wikenheiser-Brokamp, M.D., Ph.D. Director Residency Research Program University of Cincinnati	“Functional Interactions of p53 with Rb and Dicer in Lung Development and Tumorigenesis”.
Thursday, March 1, 2018 Host:	Spring Break	
Thursday, March 8, 2018 Host: Nick Reo	Dr. Paul Harding, Ph.D. Professor Department of Biology Miami University Middletown	
Thursday, March 15, 2018 Host: Michael Leffak	Dr. Susan Waltz, Ph.D. Professor Department of Cancer Biology University of Cincinnati	
Thursday, March 22, 2018 Host: Hongmei Ren	Dr. Patrick Tso, Ph.D. Professor Department of Pathology & Laboratory Medicine University of Cincinnati	
Thursday, March 29, 2018 Host: Kwang-jin Cho	Dr. Atsuo Sasaki Assistant Professor Department of Internal Medicine University of Cincinnati	
Thursday, April 5, 2018 Host: Weiwen Long	Dr. Subhamoy Dasgupta, Ph.D. Assistant Professor of Oncology Cell Stress Biology Roswell Park Cancer Institute	
Thursday, April 12, 2018 Host: Weiwen Long	Dr. Robert Lober, M.D., Ph.D. Assistant Professor Pediatrics Wright State University
