

Free Weight Loss Surgery Education Seminar

Dr. Joon Shim will discuss the following:

- Modern bariatric surgery
- Safety and concerns of current bariatric procedures
- Long-term outcomes of bariatric procedures
- Future of bariatric surgery
- Efficacy of the surgical treatment of obesity

Joon Shim, M.D., M.P.H., FACS, is a fellowship-trained minimally invasive and bariatric surgeon with Wright State Physicians Surgery. She specializes in general surgery, bariatric surgery, minimally invasive surgery, robotic surgery, reflux, hiatal hernia and endoscopy. She also teaches as an assistant professor of surgery at the Wright State University Boonshoft School of Medicine.

She earned both her medical degree and her master's degree in public health from George Washington University School of Medicine. She completed her residency in general surgery at the University of Massachusetts and a fellowship in minimally invasive surgery and bariatric surgery at Brown University. She served as an active duty Army surgeon for four years and completed two tours as a combat trauma surgeon for Operation Enduring Freedom in Afghanistan. She was awarded the Army's Meritorious Service Medal.
