

FALL 2018

**BIOMEDICAL SCIENCES PhD PROGRAM
STUDENT SEMINAR**

ANDREW STACY

Year 4

**Area of Concentration-
Molecular Genetics & Cell Biology**

**“Regulation of Δ Np63 α by the TIP60 histone
acetyltransferase is associated with Squamous Cell
Carcinoma proliferation”**

Monday, September 17th, 2018

3:35 p.m.

101 NEC (auditorium)

*Advisor: Madhavi Kadakia, PhD
Department of Biochemistry & Molecular Biology*

**BIOMEDICAL
SCIENCES**
PhD PROGRAM

Dr. Mill W. Miller, Director
114 BS I, 775-2504
