6. Assignments – Element 3

The committee agreed to review Element 3 final reports. When reviewing the reports, the committee is especially interested in the following:

Was the original plan followed? If not, is there a discussion in the report regarding the reasons why and if they will make changes to the next assessment?

Were the planned benchmarks met? If not, why and is there a discussion regarding remedial action and/or changing benchmarks for the next assessment?

To access the final reports check the Element 3 pilot page in one of the following locations:
