1) Review of the agenda

Discussion: No changes to agenda

Action: Agenda approved

2) Review of the charge and expectations

Discussion: Reviewed Charge:

Scholarship and Sponsored Research Committee

a. Scholarship and Sponsored Research Committee charge: The committee shall have oversight over research activities on campus. Its responsibilities shall include but not be limited to the following:

- review expenditures and make recommendations for budget allocations;
- review policies and procedures for encouragement of research across the university;
- recommend revisions to policies where appropriate; and
- §. recommend allocations of research investments.

The committee may form subcommittees to address specialized needs, including for example: doctoral programs, budget priorities, institutional review boards, intellectual property, and technology commercialization. The committee shall report to the Faculty Senate at least twice during the academic year.

Action: Tentative goals for this year:

- Develop communication plan
- Focus on education related to initiatives, policies procedures

Settle on the top goals. Opportunity for faculty to know the contact information for SSRC. IRB, InfoEd, initiatives. These two goals are sufficient for the SSRC this year.

3) **Communication plan**

Discussion: Currently RSP distributed information via faculty listserv. All faculty are not on list serve. Feedback faculty not receiving information

Action: Contacted Craig Wooley, Technology Committee and CTL. Have also discussed need with Provost. Possible ideas include separate list serv, presence on RSP website.

Follow up: Dr. Farra to follow up with contacts.

Current: RSP distributes via faculty listserv. Faculty complaints about not receiving messages re: faculty listserv. Dr. Farra has spoken with Craig Woolley in CaTS and the Provost (who supports the SSRC communication plan).

Research only listserv, have a small presence on the RSP site. Important for SSRC members to encourage their faculty members to sign up for the list to make it most effective. Once done, the progress can be taken to the Senate.

This should help general confusion about processes and hopefully increase productivity. Important to have measurable outcomes.

4) Training videos

Discussion: Consider providing short educational videos for faculty related to topics such as the IRB, RSP procedures, Grant writing etc.

Action: Possible topics identified and presenters identified:

Follow up: Volunteers to work on a subcommittee to identify possible videotaping resources, develop a schedule of presentations and coordinate presentation development. Members: Rachel Sturm (nominated by Dr. Williams), Yoko Miura, Sherry Farra, Ellen Reinsch Friese. Members will be asked to identify topics of interest, common scenarios, etc.

Short videos/screen captures to be linked on the RSP website. Identify topics from different academic areas; e.g., IRB (frequently asked questions), technology transfer. Would like to collect the most common concerns to be answered by the videos or FAQs. Possible to use: Panopto.

5) State Initiative “The Ohio IP Promise”

<https://governor.ohio.gov/wps/portal/gov/governor/media/news-and-media/090619>

Discussion: Informational review of The Ohio IP Promise. A method of getting our intellectual property disseminated through transfer and reimbursement.

Follow up: Educational training topic, Ms. Reinsch Friese has contacted Dr. Whitney Hough.

6) RSP report

Discussion: Ms Reinsch Friese presented the RSP report for FY 2019.

Action: none

Follow up: Continue to work on increasing proposal numbers.

7) WSRI guests

Discussion: Should we invite a representative from WSRI to attend these meetings? Would be helpful in developing relationship and collaboration efforts.

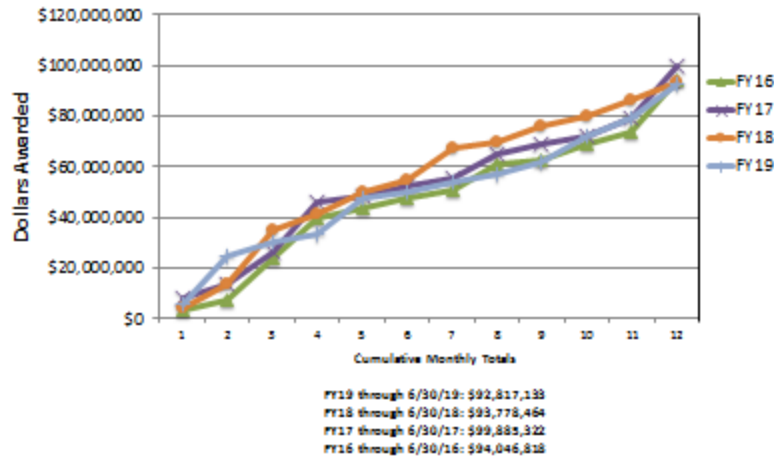

Action: Will invite WSRI to attend meetings as non-voting guests.

Follow up: Dr. Farra to contact Mr. Andersh to invite representative.

8) Approval of minutes: unanimous
