

"SiP"* LECTURE SERIES

*Shelter in Place

Sponsored by the WSU Faculty Senate

Join us each week as our expert faculty lead discussions on timely topics. This series is accessible to all WSU students, faculty and staff, as well as to the general public. Help us continue to build and promote our academic community during this time of (physical) social distancing.

Topic #4:

"Additive Manufacturing and How 3D Printing is Fighting COVID-19"

Presented by
Joy Gockel

Assistant Professor,
Mechanical and Materials Engineering

Ahsan Mian

Associate Professor,
Mechanical and Materials Engineering

&

Raghavan Srinivasan

Professor & Chair,
Mechanical and Materials Engineering

Friday, May 1
3:00-4:00pm EST
