Filmmaker, Adrian Esposito, was seeking help to deal with his autism, and his documentary, *Inner Healing: Journey with Native Trees of Knowledge*, follows him on his journey as he interviewed Native American healers and elders across both the United States and Canada to find answers. Leon Sam Briggs (Tonawanda Seneca) will discuss the film and his part of the documented journey as one of the interviewed healers while Adrian sought insight and answers that would help the filmmaker deal with the symptoms of his autism. *Inner Healing* has won several accolades including Red Nation Film Festival® Courage Award and the Native American Indian Film & Video Festival of the Southeast Nuwati "Good Medicine" Film Award.
