Coverage is available to all full-time employees (75% FTE or higher) who elect coverage for themselves and qualifying dependents. Employee premium share will be reestablished at 20% for year 2022. Contract approved in 2018 was for an initial 3-years (2019-2021) with potential for two 1-year extensions. This request is to combine the two 1-year extensions into a one 2-year extension. Horan Consultants, our benefit consultant, negotiated with Anthem to request lower expenses in exchange for the extension. Anthem offered us improvements in pharmacy discounts and rebate guarantees of \$175,000 for a one-year contract, but increased the savings to \$773,000 for a two-year contract. Furthermore, they agreed to maintain the current level of administration fees.</p>
