Updates: B term and K&H classes are being phased back into the registrar options based on popularity of students signing up for those classes in the past. An Advising task force will be made and I will likely be put on it; if not, then I will continue meetings with them. Registrar has updated blocking issues that has caused students problems in the past and now student s cannot signing up for overlapping class times blocks. Other registrar concerns are being worked on. There should also be increased communication between advisors and other faculty and staff on class/curriculum updates- they have been added to committees if they weren't currently on it.
