

SPRING 2021

**BIOMEDICAL SCIENCES PhD PROGRAM
STUDENT SEMINAR**

**Krushangi Shah
Year 6**

**Area of Concentration-
Molecular Genetics & Cell Biology**

**“FBXL16 promotes breast cancer cell growth and diminishes
fulvestrant responsiveness by stabilizing ER α protein”**

**Monday, January 24th, 2021
3:35 p.m.**

NEC Auditorium (Room 101)

*Advisor: Weiwen, Long, PhD
Department of Biochemistry & Molecular Biology*

**BIOMEDICAL
SCIENCES**
PhD PROGRAM

Dr. David Ladle, Director
