Black Reality

This monthly talk is intended to discuss issues that African American students go through on a daily basis and to also give insight of how things like racism and discrimination affect us mentally and physically. This event is meant to give people who may not identify as African American or persons of color insight into our black reality.

Meeting Schedule
*All meetings will take place at 6pm in 160 Rike Hall

COVID 19 Cases

- EHS report Zero Active cases
- Ohio 68% decline

State of Ohio | COVID-19 Key Indicators   Last Updated: 02-13-22

Other states do not send death certificates to ODH's Bureau of Vital Statistics on a regular schedule and therefore fluctuations will be reflected in reported mortality data. Deaths are assigned to their appropriate date of death.

	Total Reported **Cases**	Last 24 Hour Reported **Cases** Change	21 Day Reported **Case** Average	21 Day Trend
Cases	2,632,336	1,490	6,008	20,752 ... 9,774 ... 1,490

	Total Reported **Hospitalizations**	Last 24 Reported Hours **Hospitalizations** Change	21 Day Reported **Hospitalization** Average	21 Day Trend
Hospitalizations	110,544	33	275	565 ... 300 ... 33

	Total Reported **ICU Admissions**	Last 24 Hours Reported **ICU Admissions** Change	21 Day Reported **ICU Admission** Average	21 Day Trend
ICU Admissions	13,008	5	25	61 ... 26 ... 5

	Total Reported **Deaths**	Last 24 Hours Reported **Deaths** Change	21 Day Reported **Death** Average	21 Day Trend
Deaths	35,005	0	144	680 ... 0 ... 0

All dates are based when an indicator is reported and will not match data in other COVID-19 dashboards provided by the Ohio Department of Health. All other dashboards are based on onset date, date of hospitalization, or date of death.

Mortality data is verified by coded death certificate information received from the National Center for Health Statistics, and can take some time to receive. This information is not available daily, and is updated approximately twice per week as data is received.

**Starting 03/02/2021, the COVID-19 death data will be reported from the Electronic Deaths Registration System. The "Last 24 Hour Reported Change", "21 Day Reported Average" and "21 Day Trend" metrics will initially be incomplete but will continue to be updated.
