RE: April 2023 Board of Trustees Report

Research and Sponsored Programs has been asked to provide a statement for the minutes of the April 2023 Board of Trustees meeting to accompany our report of “Grants and Contracts Awarded.” Please use the following text, and edit as necessary to fit the space available:

Wright State University has recorded 218 awards totaling \$48,225,003.43 in external funding for the time period of July 1, 2022 – March 31, 2023.

Recent funding received by the University includes \$174,943 from the National Science Foundation to Dr. Lingwei Chen in the Computer Science & Engineering Department, to explore leveraging machine learning to detect security attacks from a more practical perspective with the labeled data being limited and/or imbalanced, where the proposed solutions can still deliver the promising detection performance in a learning-effective yet cost-efficient manner.

If you have any questions, please contact me at ext. 2297.

Thank you,

Marianne Shreck
