

# CAREERS AT CENTRAL INSURANCE

Join us for pizza and learn about **Actuarial** and **Data Science** careers at Central Insurance, Ohio-based Property & Casualty insurance group of companies founded in 1876.

Jordan Koehler is a Senior Actuarial Analyst with five years of experience in the insurance industry, specializing in personal lines reserving and Jacob Farr is a Data Scientist Manager working in the Data Decision Science group at Central focused on pricing models.

Jordan and Jacob will talk to students about Central insurance's excellent summer internship program and share tips for success!

**October 27th, 4:00-5:30 p.m.,
