

2025 University Remediation Report

Name of University:

Wright State University

Ohio Revised Code Section 3345.062 requires the president of each state university to issue a report by December 31, 2017, and each thirty-first day of December thereafter, regarding the remediation of students. The report must include the following areas:

1. The number of enrolled students that require remedial education (FY25 actual).

Number of Students	Description (if needed)
566	First-time students enrolled at Wright State University in FY25 needing remediation as defined by Wright State's math and writing placement levels. That is 25% of first-time students enrolled at Wright State University in FY25.
518	First-time students requiring remediation in Mathematics based on Wright State math placement levels less than 30 or missing math placement measures. That is 23% of first-time students enrolled at Wright State University in FY25.
151	First-time students requiring remediation in English based on Wright State placement levels or missing writing placement measures. That is 7% of first-time students enrolled at Wright State University in FY25.
103	First-time students requiring remediation in both Mathematics and English. That is 5% of first-time students enrolled at Wright State University in FY25.

2. The cost of remedial coursework that the state university provides (FY25 actual).

Please select the type of cost in the following areas and describe.

- **Costs to the university:** Please include a description of all university resources allocated in support of and/or on behalf of remedial education, including but not limited to costs associated with the following: faculty & staff, buildings/classrooms, administration, and additional student advising, among others.
- **Costs to the student:** Please include a description of tuition paid by students in pursuit of remedial education.
- **Costs to the state:** Please include a description of state resources provided to your institution in support of remedial education. (See Appendix A containing this information for all state universities .)

Cost Type	Amount	Description
Costs to the university	\$128,745.00	Math Remediation: wages and benefits
Costs to the university	\$52,302.00	Writing Remediation: wages and benefits
Costs to the university	\$12,983.00	Placement Testing: faculty and staff wages and benefits (readers)
Costs to the university	\$82,602.00	Classrooms: 15 classrooms for remediation courses (~11,700 sq. ft)
Costs to the university	\$12,983.00	Placement Testing: direct expenditures
Costs to the state	\$6,738.03	SSI for Developmental FTE completed FTE for subsidy level V
Costs to the state	\$1,150.34	SSI for at-risk FTE for subsidy level V
Costs to the student	\$311,504.55	Gross tuition paid by students in FY25 for remedial courses

3. The specific areas of remediation provided by the university.

Subject Area	Description
English Composition	remediation in writing
Mathematics	college algebra to scale

4. Causes for remediation.

Please select all that are relevant from the following categories and provide detail.

- **Lack of student preparation at the K-12 level**
- **Prescriptive placement policies** (over reliance on a single assessment measure)
- **Deferred entry into higher education** (adult students returning to higher education)
- **Other** (any other cause identified by the university)

Cause	Description
Lack of student preparation	22% of first-time students who enrolled at Wright State University in FY25 directly from high school required remediation as defined by Wright State's math and writing placement levels. 21% required Mathematics remediation and 5% required English remediation.
Deferred entry	67% of first-time students age 23 or older enrolled at Wright State University in FY25 required remediation.
Other	28% of first-time students enrolled at Wright State University in FY25 had a student aid index (SAI) of 0 or less. Of those students, 38% required remediation. Conversely, 23% of first-time students enrolled at Wright State University in FY25 had an SAI of 20,000 or higher. Of those students, 13% required remediation.
Other	25% of first-time, first-generation students enrolled at Wright State University in FY25 required remediation.
