

Building Blocks for Liberty

Presents the

CONSTITUTION BOOT CAMP

On the eve of the 250th Anniversary join us to refresh your knowledge of the Declaration of Independence and U.S. Constitution. You will acquire insight into the original aspirations the founders had for our country and the deviations from that original path.

Learn to recognize when political power is legitimate and when it is being usurped- and what you can do about it!

The first step to restoring our Constitutional Republic is for you to understand the Constitution and the limits it places on our federal government.

Join us on **February 21, 2026** at **Wright State University** in **Fairborn, OH**!

Teachers & Students attend for FREE!

To register for this class email registration@buildingblocksforliberty.org with the names, emails, and number of book sets needed. To obtain a scholarship, also tell us who are the teachers and students when you register.

what is constitutional

Take home a copy of
The Federalist Papers and
The Handbook for
We the People
